SHATTERED DREAMS TO BE HELD April 12-13

FRISCO, TX – The [Frisco Police Department](#), in conjunction with the [Frisco Fire Department](#) and [Frisco Independent School District](#), will be hosting its tenth annual [Shattered Dreams](#) program on April 12th and 13th. This year's program will be held at Heritage High School starting Thursday and running through Friday.

As part of the Shattered Dreams experience for students and participants, a motor vehicle crash reenactment will take place that includes police and fire personnel, as well as CareFlite and other emergency responders. Due to the reenactment, east and west bound lanes of Eldorado Pkwy will be closed from Independence Pkwy to Fragrant Drive. Ward Drive will also be closed at Eldorado. The closure will last from approximately 9:30 a.m. to 12:30 p.m. Motorists are urged to find an alternate route during these times.

Shattered Dreams is a two-day program designed to educate students about the dangers of underage drinking and the severe consequences that can result from impaired driving. The program is coordinated by the police department's [School Resource Officers](#) and is held at a different high school in Frisco each year.

For more information about Shattered Dreams, please visit the Frisco Police Department's web site at www.FriscoTexas.gov/Police or email SROSupervisor@FriscoTexas.gov.
